## Report of the Directors.

---

THE Report for 1916, the third year in the history of the Company of St. Giles, must necessarily be a brief one. Owing to the War, and the consequent difficulty of obtaining both money and labour, little has been done in the way of expansion, and all idea of putting up more buildings has been abandoned for the time being.

Two minor, but very necessary improvements have, however, been carried out—first, the draining of the ground at the back of the Patients' dwellings, where water was apt to lie in winter; and secondly, an addition to the quarters of one of the married couples, consisting of a bedroom and scullery, which it is hoped will add materially to their comfort. The building of this addition was made possible by the kindness of Mrs. George W. Palmer, who subscribed £50 towards its cost, which at war-time prices has amounted to nearly £150. The Laundry, completed soon after the beginning of the year, has proved a great success.

One of our Patients, who was terribly ill during the last months of his life, died in March. He was tended with the utmost devotion by Sister Clare and her assistant Nurses all through the winter, and everything possible was

done to alleviate his sufferings. In the treatment of this case alone St. Giles' Homes have more than justified their existence.

Another Patient, a young unmarried man, was received in June, and has lately shown considerable improvement in health.

Our gardener, King, who has served us well ever since the property was first acquired, was called up for Military Service in November, so that Brother Stephen has now the whole charge of the place on his hands, without any paid help whatever.

The Mortgage of £1,000 on the property has been paid off by means of a loan from the Capital & Counties Bank, secured by the personal guarantee of the Directors. In the autumn an appeal was issued for funds towards the repayment of this overdraft, with the result that the sum of £190 was raised. £50 of Miss Erskine's loan has also been repaid.

The Directors wish to express their gratitude to the Right Hon. John Burns and the Trustees of the Strathcona Bequest for their generous grant of £250. Mr. Burns visited Moor House in July, and has since taken a great and helpful interest in the welfare and management of the Homes.

The warm thanks of the Directors are also tendered to Dr. John Turner for his continued kind attendance on the Patients; to Miss Scott, who has given much time and

labour for the benefit of the Homes; and to the other friends of St. Giles, including many generous subscribers. To thank the Nurses and the Brothers of the S.D.C. would be an empty form; their services, so gladly given, are beyond all thanks.

In accordance with the Articles of Association the following Directors retire from office, but being eligible offer themselves for re-election, namely:—Sir Malcolm Morris and Sir Arthur Downes.

*March, 1917.*

## Report of the Sister-in-charge.

---

SINCE our last Report, the work has gone on quietly at Moor House. The early part of the year was a sad one for us all, owing to the terrible sufferings of one of our patients. He died in March, and has left to us who nursed him a wonderful example of patience and endurance. His widow has very pluckily been going through a course of nursing training, and is now qualified to earn her own living. In June our new patient, a young fellow of 26, came to us. He has had the disease since he was seven, and we had rather an anxious time with him in the winter. Now he is beginning to show marked improvement, owing to regular treatment, inoculations and rest. One old patient has lately become very feeble, and as another has been suffering much from insomnia, a Sister is now permanently on night duty.

We were very sorry to lose one of our Sisters owing to ill-health, but two others have come since to help with the nursing, and our "house-Sisters" relieve us of all cooking, housework and laundry. We miss King, our gardener immensely, and Brother Stephen is now responsible for the garden and stable, as well as all his other numerous duties. We should like also to add how splendidly the Brothers have come to our help in times of great emergency in the actual care and nursing of the patients.

Miss Scott has given her services in the most generous and unselfish way. She and her pony cart are at everybody's disposal at all times, and she constantly takes the patients' wives out for drives and tea, and her cottage is a rest house for all, besides her regular reading to the patients, and work in the garden.

Dr. Turner has been most kind in his regular visits to the patients. Throughout the year, in wet and cold, he has never failed in his long drive over, and we are all glad to have the opportunity of expressing our gratitude to him. In spite of labour difficulties the gardens round the Bungalows have been very much improved. The drainage of the land has saved us from floods. The new laundry is an unqualified success, and the two rooms lately added to one of the Bungalows, have turned what were undoubtedly cramped quarters into a comfortable little house for a married couple.

The common room has been in frequent use. Several kind friends have come down from London to entertain us, and on other occasions we have very merrily entertained ourselves with varied performances, including violin, piano, sing-songs, sketches and an excellent gramophone. The patients are nearly all able to contribute some item to the programme. Christmas went off very happily, thanks largely to the generous sum of money collected for us by the Munition Workers at Woolwich. The Common Room looked very pretty, and the presents were buried in a huge snowball. The Christmas dinners, as in former years, were served privately, but all were able to join in a big Christmas tea and concert. On New Year's Day Miss Scott gave a delightful party and Christmas tree at her cottage, which ended up with a Scotch musical evening in the Common Room with Father George at the piano. We cannot close without hearty thanks to all our generous friends who, in spite of so many urgent calls, have not forgotten us. Books, clothes, plants and old linen have been constantly sent us and when our stores grow low a fresh donation always seems to appear to save the situation.

CLARE,

*Sister-in-charge.*
